Important Information about Registering in eGRANT

IMPORTANT NOTE TO ARTISTS (OR ARTIST GROUPS)
Please note that you should list yourself as an individual artist when registering.

1. If you have a company, that information should not be part of your application and you should not apply referencing your company name unless you are applying as a nonprofit organization with 501c3 nonprofit status with a DUNS number and in that case you should be using the applications for organizations when applying as well as follow those guidelines.
2. Artist groups should also list themselves as artists and complete the application for artists, but should include their group name as the organization name.
3. Individual artists (and artist group representative) serve as the "Project Director" of their registration and grant application and will sign the contract and request for payment as the "Authorizing Official."

Step 2. If you haven't begun your application, from your Dashboard, click Apply and follow the directions to begin the application. If you have already begun your application, click on your application from your Dashboard.
