

# PLACE VALUE

## ONE NUMBER – MANY FORMS

247

Two Hundreds  
Four Tens  
Seven Ones

Two Hundreds  
Forty Seven Ones

Two Hundred Forty Seven Ones

ALL THE SAME NUMBER!

WE CAN REPRESENT NUMBERS IN DIFFERENT WAYS

1,000

Could be seen as:

- 10 HUNDREDS
- 100 TENS
- 1000 ONES

All of those are the same as:

1,000

## LET ME SHOW YOU:

Let this circle represent ONE

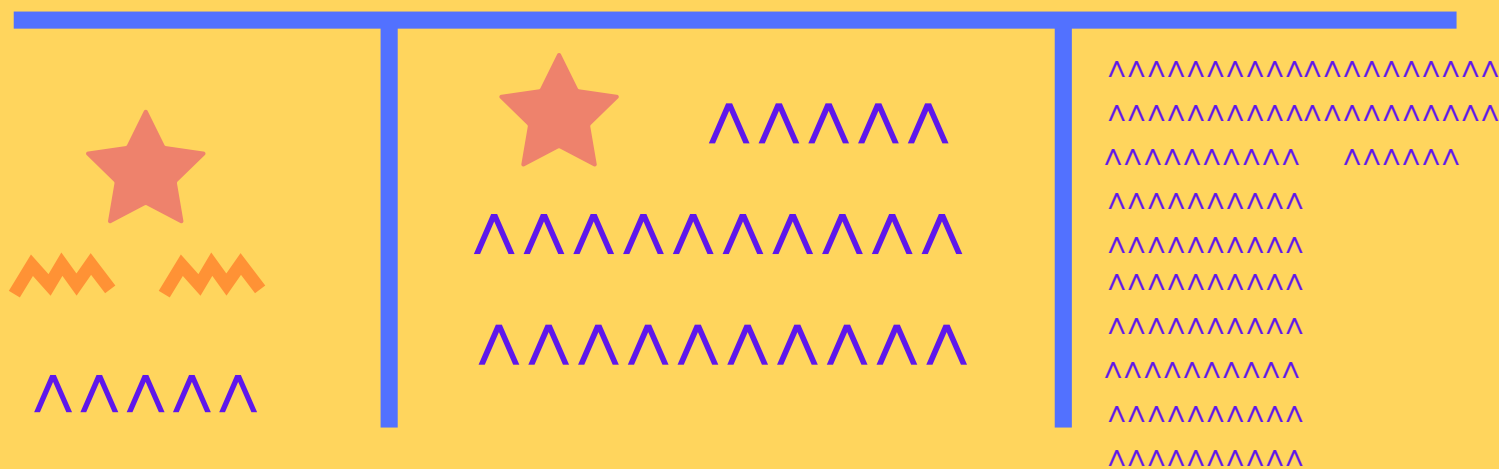

This zig-zag represents TEN

This star represents a HUNDRED

125

ALL THREE IMAGES SHOW 125

We just used symbols to represent place values and created three separate images from one number
